Executive Director's REPORT

INSIDE

- Local Bill 993 Update
- Sebring Airport Updates
- US 27 Mobility Stakeholders Meeting
- Sebring International Raceway Hall Of Fame Inductees

Sebring Airport Authority local bill (HB 993) has passed all committees in the House and now goes to the Senate. Once a local bill passes the House, they are sent to the Senate Floor and are voted on (typically all local bills at once).

Summary points of draft local bill 2020

Modernize the procurement threshold and tying it to a statutory purchasing category rather than fixed dollar amount.

- This change will streamline procurement of commodities or contractual services saving staff time, advertising expense, and profession service provider fees while maintaining transparency. This cost savings will allow more resources to be devoted to Authority core mission which is economic development and job creation.

Preparing for expansion opportunities, by permitting the use of public-private partnerships.

- They can provide better infrastructure solutions than an initiative that is wholly public or wholly private.
- They result in faster project completions and reduced delays on infrastructure projects by including time-to-completion as a measure of performance.
- Will aid our rural region to compete on a global scale.

Allowing for the Authority Board to meet less than monthly as business requires, but still at least quarterly.

- The Authority has always operated with a small staff. This change will allow hours that are used to prepare for meetings with little or no action items to be used on productive pursuits including economic development and job creation.

Modernizing the bonding process to lower the Authority's cost of bond issuance:

- Deleting antiquated language.
- Clarifying that bonds include all forms of debt obligations, including statutory bond forms, for both secured and unsecured loans.

Clarifying the tax exemption status of bonds issued by the Authority:

- Permitting the funds to pay for operations and expenses of the Authority;
- This change will allow Authority to borrow with less legal consulting fees.

Rail Reconstruction

The Final Completion inspection was conducted on February 3rd with members of SAA, FDOT, CSX, Atkins, AVCON, and ARI present. All work has been completed, and the new rail (from the CSX mainline all the way to the rail yard) is fully operational. Closeout documents are being assembled and both the contract and grant should be closed in the next 2 weeks.

Taxiway A4 Realignment

100% plans/specifications will be completed by February 18th and advertised for bidding in late Feb./early March 2022.

An FAA AIP grant application would subsequently be submitted in April for discretionary funding for the construction (approximately \$1.5M). It's anticipated that the construction grant would then be issued in August 2022.

Haywood Taylor

A concept/exhibit is being developed for Aeromed (this week) showing a proposed 10,000sf hangar located between the EAA hangar and the racetrack. A rough order of magnitude cost estimate is also being developed.

Building 22 Reroof

The project was advertised for bidding on January 14th. The bidding period is ongoing, with bids to be received on March 2nd.

Terminal HVAC Condenser Relocation

The construction of the project is ongoing and should be complete in March.

US 27 Mobility Stakeholder Working Group Meeting

To provide an opportunity to share and exchange information relating to the US 27 Highway Corridor with stakeholders from the public and private sector, and allow for discussion among those stakeholders that could result in the genesis of future efforts to improve and/or preserve the efficient mobility of freight among all other users of the corridor.

AT 2022 MOBIL 1 TWELVE HOURS OF SEBRING

John Story, Sebring International Raceway

SEBRING, Fla. (Jan. 24, 2022) – The Sebring Hall of Fame will induct five new members in 2022, including three two-time winners of the Mobil 1 Twelve Hours of Sebring – Jacky Ickx, Stefan Johansson and Andy Wallace – legendary journalist and sports car racing enthusiast Walter Cronkite and a famed racer and commentator David Hobbs.

The five legends will bring the total number of Sebring Hall of Fame members to 66 and their induction will take place during pre-race ceremonies for the 70th Mobil 1 Twelve Hours of Sebring Presented by Advance Auto Parts on March 19.

North America's oldest and most historic sports car endurance race is the second round of the International Motor Sports Association (IMSA) WeatherTech SportsCar Championship. The first 12-hour Class was held in March 1952 and the first race ever conducted at Sebring International Raceway was a six-hour event on Dec. 31, 1950. The 2022 edition of SuperSebring will also include the FIA WEC 1000 Miles of Sebring, the Alan Jay Automotive Network 120 for the IMSA Michelin Pilot Challenge Series and two Porsche Carrera Cup North America races.

“We are honored to have such a stellar list of inductees for 2022,” stated Sebring Hall of Fame President John Shoop.

“The four drivers being inducted represent nine wins and over 20 podium finishes in major events at Sebring. Walter Cronkite was an icon of American journalism and because of his involvement with racing at Sebring we are truly honored to have his name added to our prestigious Hall of Fame.”

Jacky Ickx, a six-time winner of the 24 Hours of Le Mans, won Sebring twice in five career starts. In 1969 he won with Jackie Oliver aboard a John Wyer prepared Ford GT40. His second Sebring win came in 1972, co-driving a Ferrari 312PB with Mario Andretti. Ickx also recorded eight Formula One wins, 37 major sports car victories, the 1979 Can-Am championship and victory in the 1983 Paris-Dakar Rally.

Stefan Johansson won Sebring twice and had two

heart-breaking second place finishes. His victories came in 1984 driving a Porsche 935 with Hans Heyer and Mauricio DeNarvaez. In 1997, he won co-driving a Ferrari 333SP with Fermin Velez,

Yannick Dalmas and Andy Evans. His career includes an overall win at Le Mans in 1997 and 12 podium finishes in Formula One.
